

2004 Respondent List

Respondents from hospitals included in the following list completed a major part of the survey. We recognize their effort to complete the Hospital Pharmacy in Canada Survey of 2003/04. Please note that not all of the listed respondents were included in the data analysis. Only responses completed before August 13, 2004, from hospitals with a minimum size of 100 total beds (and 50 acute care beds) were included.
